

HEALTH CARE DIRECTIVE FOR PETS BOARDING AT MONTAGE KENNEL

(NOTE: In over 30 years of pet care, we have encountered a variety of medical conditions. Usually, the need is for the treatment of mild conditions such as intestinal or respiratory illness. In rare instances we have confronted situations of life and death or the need for major surgeries where we could not contact a responsible party to make decisions. By giving us contacts and authorizing details of care, we can serve you and your pets better.)

In the event that Montage determines that any of my animals boarding requires veterinary care,

I authorize Montage Pet Lodge to obtain such necessary veterinary care pursuant to the following directives.

First Action: Contact me or spouse directly.

In The Event that I cannot be contacted I authorize my "Emergency Contact" person to make all decisions regarding all necessary veterinary care to be administered to my pets. I accept all financial obligations that will result from administered veterinary care.

In The Event that none of the above persons are available or willing to serve then I authorize Montage Pet Lodge to obtain the minimal level of care required to make my animal as comfortable as possible.

By signing this document, I indicate that I understand the purpose and effect of this document. I agree to pay all costs incurred by this document. I will hold Montage Pet Lodge and the attending Veterinarian harmless for any treatment administered under this document. This document shall be in effect any time I board my animals at Montage Pet Lodge unless withdrawn and replaced by me or updated by Montage Pet Lodge
